The White Paper, as it may be amended from time to time, is hereby incorporated by reference. Buyer has read and understands the White Paper and its contents.

1.4. CRD Tokens.

a. No Purpose. As mentioned above, the CRD Tokens do not have any rights, uses, purpose, attributes, functionalities or features, express or implied. Although CRD Tokens may be tradable, they are not an investment, currency, security, commodity, a swap on a currency, security or commodity or any other kind of financial instrument.

b. Company’s Use of Proceeds. Buyer acknowledges and understands that the proceeds from the sale of the CRD Tokens will be utilized by Company in its sole discretion.

ARTICLE TWO: CRD TOKEN DISTRIBUTION

2.1. Allocation and Distribution of CRD Tokens. CRYPTALONE.IO intends to allocate and distribute CRD Tokens (the “CRD Token Distribution”) in accordance with the material specifications as set forth in Exhibit A to this Agreement which includes details regarding the timing (the “CRD Distribution Period”) and pricing of the CRD Token Distribution and the amount of CRD Tokens that will be distributed. During the CRD Distribution Period, CRYPTALONE.IO will provide specific procedures on how Buyer should purchase CRD Tokens through the official Website. By purchasing CRD Tokens, Buyer acknowledges and understands and has no objection to such procedures and material specifications. Failure to use the official Website and follow such procedures may result in Buyer not receiving any CRD Tokens. Any buyer of CRD Tokens may lose some or all of the amounts paid in exchange for CRD Tokens, regardless of the purchase date. The access or use of the CRD Distribution Contract, access or use of the CRD Token Contract and/or the receipt or purchase of CRD through any other means other than the official Website are not sanctioned or agreed to in any way by the CRYPTALONE.IO Parties. Buyer should take great care that the website used to purchase CRD Tokens has the following universal resource locator (URL): <https://CRYPTALDASH.IO>

2.2. No U.S. or Chinese Buyers. The CRD Tokens are not being offered to U.S. persons or Chinese persons. U.S. persons and Chinese persons are strictly prohibited and restricted from using the CRD Distribution Contract, using the CRD Token Contract and/or purchasing CRD Tokens and Company is not soliciting purchases by U.S. persons or Chinese persons in any way. If a U.S. person or a Chinese person uses the CRD Distribution Contract, uses the CRD Token Contract and/or purchases CRD Tokens, such person has done so and entered into this Agreement on an unlawful,

unauthorized and fraudulent basis and this Agreement is null and void. Company is not bound by this Agreement if this Agreement has been entered into by a U.S. person or a Chinese person as Buyer or Buyer has entered into this Agreement or has purchased CRD Tokens on behalf of a U.S. person or a Chinese person, and Company may take all necessary and appropriate actions, in its sole discretion, to invalidate this Agreement, including referral of information to the appropriate authorities. Any U.S. person or Chinese person who uses the CRD Distribution Contract, uses the CRD Token Contract and/or purchases CRD Tokens or enters this Agreement on an unlawful, unauthorized or fraudulent basis shall be solely liable for, and shall indemnify, defend and hold harmless CRYPTALONE.IO and Cryptalone's respective past, present and future employees, officers, directors, contractors, consultants, equity holders, suppliers, vendors, service providers, parent companies, subsidiaries, affiliates, agents, representatives, predecessors, successors and assigns (collectively, the "CRYPTALONE.IO Parties") from any damages, losses, liabilities, costs or expenses of any kind, whether direct or indirect, consequential, compensatory, incidental, actual, exemplary, punitive or special and including, without limitation, any loss of business, revenues, profits, data, use, goodwill or other intangible losses (collectively, the "Damages") incurred by a CRYPTALONE.IO Party that arises from or is a result of such U.S. person's or Chinese person's unlawful, unauthorized or fraudulent use of the CRD Distribution Contract, unauthorized use of the CRD Token Contract and/or the receipt or purchase of CRD Tokens.

2.3. Allocation and Sale of CRD Tokens to CRYPTALONE.IO Parties. Buyer understands and consents to the participation of the Company's past, present and future employees, officers, directors, contractors, consultants, equity holders, suppliers, vendors and service providers in the purchase of CRD Tokens, including people who may work on

the development and implementation of the CRYPTALDASH.IO Software or who may work for Cryptalone's future businesses which CRYPTALONE.IO may establish with a portion of the proceeds from the CRD Token Distribution. All such CRYPTALONE.IO Parties will participate on the same terms as every other buyer of CRD Tokens and will be bound by this Agreement.

2.4. No Representations and Warranties. The CRD Tokens will be distributed to buyers thereof pursuant to the CRD Distribution Contract and the CRD Token Contract. None of the CRYPTALONE.IO Parties makes any representations or warranties, express or implied, including, without limitation, any warranties of title or implied warranties of merchantability or fitness for a particular purpose with respect to the CRD Distribution Contract, the CRD Token Contract or the CRD Tokens or their utility, or the ability of anyone to purchase or use the CRD Tokens. Without limiting the foregoing, none of the CRYPTALONE.IO Parties represent or warrant that the process of purchasing the CRD Tokens or receiving the CRD Tokens will be uninterrupted or error-free or that the CRD Tokens are reliable and error-free. As a result, Buyer acknowledges and understands that Buyer may never receive CRD Tokens and may lose the entire amount Buyer paid to Company. Buyer shall provide an accurate digital wallet address to Company for receipt of any CRD Tokens distributed to Buyer pursuant to the CRD Distribution Contract and the CRD Token Contract.

2.5. Not an Offering of Securities, Commodities, or Swaps. The sale of CRD Tokens and the CRD Tokens themselves are not securities, commodities, swaps or other securities or commodities or a financial instrument of any kind. Purchases and sales of CRD Tokens are not subject to the protections of any laws governing those types of financial instruments. This Agreement and all other documents referred to in this Agreement including the White Paper do not constitute a prospectus or offering document, and are

not an offer to sell, nor the solicitation of an offer to buy an investment, a security, commodity, or a swap on either a security or commodity.

2.6. Not an Investment. Buyer should not participate in the CRD Token Distribution or purchase CRD Tokens for investment purposes. CRD Tokens are not designed for investment purposes and should not be considered as a type of investment. Within twenty-three (23) hours from the end of the CRD Distribution Period, all CRD Tokens will no longer be transferable and the CRD Token Contract will prevent all further transfers and public key mappings. At this point, the distribution of CRD Tokens will be complete. Buyer acknowledges, understands and agrees that Buyer should not expect and there is no guarantee or representation or warranty by Company that: (a) the CRYPTALDASH.IO Software will ever be adopted; (b) the CRYPTALDASH.IO Software will be adopted as developed by CRYPTALONE.IO and not in a different or modified form; (c) a blockchain utilizing or adopting the CRYPTALDASH.IO Software will ever be launched; and (d) a blockchain will ever be launched with or without changes to the CRYPTALDASH.IO Software and with or without a distribution matching the fixed, non-transferable CRD Token balances. Furthermore, CRD Tokens will not have any functionality or rights on the CRD Platform and holding CRD Tokens is not a guarantee, representation or warranty that the holder will be able to use the CRD Platform, or receive any tokens utilized on the CRD Platform, even if the CRD Platform is launched and the CRYPTALDASH.IO Software is adopted, of which there is no guarantee, representation or warranty made by Company.

2.7. Not for Speculation. Buyer acknowledges and agrees that Buyer is not purchasing CRD Tokens for purposes of investment, speculation, as some type of arbitrage strategy, for immediate resale or other financial purposes.

ARTICLE THREE: NO OTHER RIGHTS CREATED

3.1. No Claim, Loan or Ownership Interest. The purchase of CRD Tokens: (a) does not provide Buyer with rights of any form with respect to the Company or its revenues or assets, including, but not limited to, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property), or other financial or legal rights; (b) is not a loan to Company; and (c) does not provide Buyer with any ownership or other interest in Company.

3.2. Intellectual Property. Company retains all right, title and interest in all of Company's intellectual property, including, without limitation, inventions, ideas, concepts, code, discoveries, processes, marks, methods, software, compositions, formulae, techniques, information and data, whether or not patentable, copyrightable or protectable in trademark, and any trademarks, copyright or patents based thereon. Buyer may not use any of Company's intellectual property for any reason without Company's prior written consent.

ARTICLE FOUR: SECURITY AND DATA; TAXES

4.1. Security and Data Privacy.

a. Buyer's Security. Buyer will implement reasonable and appropriate measures designed to secure access to: (i) any device associated with Buyer and utilized in connection with Buyer's purchase of CRD Tokens; (ii) private keys to Buyer's wallet or account; and (iii) any other username, passwords or other login or identifying credentials. In the event that Buyer is no longer in possession of Buyer's private keys or any device associated with Buyer's account or is not able to provide Buyer's login or identifying credentials, Buyer may lose all of Buyer's CRD Tokens and/or access to Buyer's account. Company is under no obligation to recover any

CRD Tokens and Buyer acknowledges, understands and agrees that all purchases of CRD Tokens are non-refundable and Buyer will not receive money or other compensation for any CRD Tokens purchased.

b. Additional Information. Upon Company's request, Buyer will immediately provide to Company information and documents that Company, in its sole discretion, deems necessary or appropriate to comply with any laws, regulations, rules or agreements, including without limitation judicial process. Such documents include, but are not limited to, passport, driver's license, utility bills, photographs of associated individuals, government identification cards, or sworn statements. Buyer consents to Company disclosing such information and documents in order to comply with applicable laws, regulations, rules or agreements. Buyer acknowledges that Company may refuse to distribute CRD Tokens to Buyer until such requested information is provided.

4.2. Taxes. Buyer acknowledges, understands and agrees that: (a) the purchase and receipt of CRD Tokens may have tax consequences for Buyer; (b) Buyer is solely responsible for Buyer's compliance with Buyer's tax obligations; and (c) Company bears no liability or responsibility with respect to any tax consequences to Buyer.

ARTICLE FIVE: REPRESENTATIONS AND WARRANTIES OF BUYER

By buying CRD Tokens, Buyer represents and warrants to each of the CRYPTALONE.IO Parties that:

5.1. Not a U.S. Person or Chinese Person: Buyer is not a U.S. person or a Chinese person.

5.2. Authority. Buyer has all requisite power and authority to execute and deliver this Agreement, to use the CRD Distribution Contract and the CRD Smart Contract, purchase CRD Tokens, and to carry out and perform its obligations under this Agreement.

a. If an individual, Buyer is at least 18 years old and of sufficient legal age and capacity to purchase CRD Tokens.

b. If a legal person, Buyer is duly organized, validly existing and in good standing under the laws of its domiciliary jurisdiction and each jurisdiction where it conducts business.

5.3. No Conflict. The execution, delivery and performance of this Agreement will not result in any violation of, be in conflict with, or constitute a material default under, with or without the passage of time or the giving of notice: (a) any provision of Buyer's organizational documents, if applicable; (b) any provision of any judgment, decree or order to which Buyer is a party, by which it is bound, or to which any of its material assets are subject; (c) any material agreement, obligation, duty or commitment to which Buyer is a party or by which it is bound; or (d) any laws, regulations or rules applicable to Buyer.

5.4. No Consents or Approvals. The execution and delivery of, and performance under, this Agreement require no approval or other action from any governmental authority or person other than Buyer.

5.5. Buyer Status. Buyer is not subject to any of the disqualifying events listed in Rule

506(d)(1) of Regulation D under the Securities Act of 1933 (a “Buyer Event”), and there is no proceeding or investigation pending or, to the knowledge of Buyer,

threatened by any governmental authority, that would reasonably be expected to become the basis for a Buyer Event.

5.6. Buyer Knowledge and Risks of Project. Buyer has sufficient knowledge and experience in business and financial matters, including a sufficient understanding of blockchain or cryptographic tokens and other digital assets, smart contracts, storage mechanisms (such as digital or token wallets), blockchain-based software systems and blockchain technology, to be able to evaluate the risks and merits of Buyer’s purchase of CRD Tokens, including but not limited, to the matters set forth in this Agreement, and is able to bear the risks thereof, including loss of all amounts paid, loss of CRD Tokens, and liability to the CRYPTALONE.IO Parties and others for its acts and omissions, including with limitation those constituting breach of this Agreement, negligence, fraud or willful misconduct. Buyer has obtained sufficient information in order to make an informed decision to purchase CRD Tokens.

5.7. Funds; Payments.

a. Funds. The funds, including any fiat, virtual currency or cryptocurrency, Buyer uses to purchase CRD Tokens are not derived from or related to any unlawful activities, including but not limited to money laundering or terrorist financing, and Buyer will not use the CRD Tokens to finance, engage in, or otherwise support any unlawful activities.

b. Payments. All payments by Buyer under this Agreement will be made only in Buyer’s name, from a digital wallet or bank account not located in a country or territory that has been designated as a “non-cooperative country or territory” by the Financial Action Task Force, and is not a “foreign shell bank” within the meaning of the U.S. Bank Secrecy Act (31 U.S.C. § 5311 et seq.), as amended, and the

regulations promulgated thereunder by the Financial Crimes Enforcement Network, as such regulations may be amended from time to time.

5.8. Miscellaneous Regulatory Compliance.

a. Anti-Money Laundering; Counter-Terrorism Financing. To the extent required by applicable law, Buyer complies with all anti-money laundering and counterterrorism financing requirements.

b. Sanctions Compliance. Neither Buyer, nor any person having a direct or indirect beneficial interest in Buyer or CRD Tokens being acquired by Buyer, or any person for whom Buyer is acting as agent or nominee in connection with CRD Tokens, is the subject of sanctions administered or enforced by any country or government (collectively, "Sanctions") or is organized or resident in a country or territory that is the subject of country-wide or territory-wide Sanctions.

ARTICLE SIX: DISCLAIMERS

6.1. Buyer expressly acknowledges, understands and agrees that Buyer is using the CRD Distribution Contract, the CRD Token Contract and purchasing CRD Tokens at the Buyer's sole risk and that the CRD Distribution Contract, the CRD Token Contract and CRD Tokens are each provided, used and acquired on an "AS IS" and on an "AS AVAILABLE" basis without representations, warranties, promises or guarantees whatsoever of any kind by Company and Buyer shall rely on its own examination and investigation thereof.

6.2. No Representation or Warranty. (A) COMPANY DOES NOT MAKE AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED OR STATUTORY; AND (B) WITH RESPECT TO THE CRD DISTRIBUTION CONTRACT, THE CRD TOKEN CONTRACT AND THE CRD

TOKENS, COMPANY SPECIFICALLY DOES NOT REPRESENT AND WARRANT AND EXPRESSLY DISCLAIMS ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION, ANY REPRESENTATIONS OR WARRANTIES OF TITLE, NONINFRINGEMENT, MERCHANTABILITY, USAGE, SUITABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, OR AS TO THE WORKMANSHIP OR TECHNICAL CODING THEREOF, OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT.

ARTICLE SEVEN: RISKS

CRD TOKENS MAY HAVE NO VALUE. BUYER MAY LOSE ALL AMOUNTS PAID.

Buyer has carefully reviewed, acknowledges, understands and assumes the following risks, as well as all other risks associated with the CRD Tokens (including those not discussed herein), all of which could render the CRD Tokens worthless or of little value:

7.1. No Rights, Functionality or Features. CRD Tokens have no rights, uses, purpose, attributes, functionalities or features, express or implied. CRD Tokens do not entitle holders to participate on the CRD Platform, even if the CRD Platform is launched and the CRYPTALDASH.IO Software's development is finished and the CRYPTALDASH.IO Software is adopted and implemented.

7.2. CRD Platform. Buyer should not purchase CRD Tokens in reliance on the CRD Platform because CRD Tokens are not usable on the CRD Platform and do not entitle Buyer to anything with respect to the CRD Platform.

7.3. Purchase Price Risk. The distribution of CRD Tokens will occur at the end of each set period during the CRD Distribution Period. The purchase price a buyer receives for CRD Tokens depends upon the actions of all other users sending ether ("ETH") to the

CRD Token Contract during the same period. Everyone sending ETH during the same period receives the same price. It is possible for other people to send in a large amount of ETH after Buyer and dramatically increase the price Buyer and everyone else pays per CRD Token received. There are no guarantees as to the price of CRD Tokens purchased by Buyer and no guarantees that the price per CRD Token determined each period by the market will be equal to or higher in the subsequent periods of the CRD Distribution Period. There is the possibility that the price per CRD Token in subsequent periods of the CRD Distribution Period falls below the price paid by initial buyers of CRD Tokens during the CRD Distribution Period. CRYPTALONE.IO reserves the right to change the duration of the CRD Distribution Period for any reason, including, without limitation, bugs in the CRD Distribution Contract or the CRD Token Contract or the unavailability of the Website or other unforeseen procedural or security issues.

7.4. Blockchain Delay Risk. On the Ethereum blockchain, timing of block production is determined by proof of work so block production can occur at random times. For example, ETH contributed to the CRD Smart Contract in the final seconds of a distribution period may not get included for that period. Buyer acknowledges and understands that the Ethereum blockchain may not include the Buyer's transaction at the time Buyer expects and Buyer may not receive CRD Tokens the same day Buyer sends ETH.

7.5. Ethereum Blockchain. The Ethereum blockchain is prone to periodic congestion during which transactions can be delayed or lost. Individuals may also intentionally spam the Ethereum network in an attempt to gain an advantage in purchasing cryptographic tokens. Buyer acknowledges and understands that Ethereum block producers may not include Buyer's transaction when Buyer wants or Buyer's transaction may not be included at all.

7.6. Ability to Transact or Resell. Buyer may be unable to sell or otherwise transact in CRD Tokens at any time, or for the price Buyer paid. By using the CRD Distribution Contract or the CRD Token Contract or by purchasing CRD Tokens, Buyer acknowledges, understands and agrees that: (a) CRD Tokens may have no value; (b) there is no guarantee or representation of liquidity for the CRD Tokens; and (c) the Cryptalone Parties are not and shall not be responsible for or liable for the market value of CRD Tokens, the transferability and/or liquidity of CRD Tokens and/or the availability of any market for CRD Tokens through third parties or otherwise.

7.7. Token Security. CRD Tokens may be subject to expropriation and or/theft. Hackers or other malicious groups or organizations may attempt to interfere with the CRD Distribution Contract, the CRD Token Contract or the CRD Tokens in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensusbased attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the Ethereum platform rests on open source software and CRD Tokens are based on open source software, there is the risk that Ethereum smart contracts may contain intentional or unintentional bugs or weaknesses which may negatively affect the CRD Tokens or result in the loss of Buyer's CRD Tokens, the loss of Buyer's ability to access or control Buyer's CRD Tokens or the loss of ETH in Buyer's account. In the event of such a software bug or weakness, there may be no remedy and holders of CRD Tokens are not guaranteed any remedy, refund or compensation.

7.8. Access to Private Keys. CRD Tokens purchased by Buyer may be held by Buyer in Buyer's digital wallet or vault, which requires a private key, or a combination of private keys, for access. Accordingly, loss of requisite private key(s) associated with Buyer's digital wallet or vault storing CRD Tokens will result in loss of such CRD Tokens, access to Buyer's CRD Token balance and/or any initial balances in blockchains created

by third parties. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of a hosted wallet or vault service Buyer uses, may be able to misappropriate Buyer's CRD Tokens. Company is not responsible for any such losses.

7.9. Reliance on Third-Parties. Even if completed, the CRYPTALDASH.IO Software will rely, in whole or partly, on third parties to adopt and implement it and to continue to develop, supply, and otherwise support it. There is no assurance or guarantee that those third parties will complete their work, properly carry out their obligations, or otherwise meet anyone's needs, all of which might have a material adverse effect on the CRYPTALDASH.IO Software and CRD Platform.

7.10. Failure to Map a Public Key to Buyer's Account. Failure of Buyer to map a public key to Buyer's account may result in third parties being unable to recognize Buyer's CRD Token balance on the Ethereum blockchain when and if they configure the initial balances of a new blockchain based upon the CRYPTALDASH.IO Software of which Company makes no representation or guarantee.

7.11. Exchange & Counterparty Risks. If Buyer sends ETH to the CRD Token Contract from an exchange or an account that Buyer does not control, pursuant to the CRD Token Contract, CRD Tokens will be allocated to the account that has sent ETH; therefore, Buyer may never receive or be able to recover Buyer's CRD Tokens. Furthermore, if Buyer chooses to maintain or hold CRD Tokens through a cryptocurrency exchange or other third party, Buyer's CRD Tokens may be stolen or lost. In addition, third parties may not recognize Buyer's claim to any derivative tokens if and when launched by third parties according to the distribution rules set in the CRYPTALDASH.IO Software. By using the CRD Distribution Contract, using the CRD Token Contract and/or by purchasing CRD Tokens, Buyer acknowledges and agrees that Buyer sends ETH to the CRD Token

Contract through an exchange account and/or holds CRD Tokens on a cryptocurrency exchange or with another third party at Buyer's own and sole risk.

7.12. Changes to the CRYPTALDASH.IO Software. The CRYPTALDASH.IO Software is still under development and may undergo significant changes over time. Although Company intends for the CRYPTALDASH.IO

Software to have the features and specifications set forth in the White Paper, Company may make changes to such features and specifications for any number of reasons, and any party that adopts the CRYPTALDASH.IO Software and launches the CRD Platform also may make changes, any of which may mean that the CRD Platform does not meet Buyer's expectations.

7.13. Risk of Alternative Blockchains based on CRYPTALDASH.IO Software. The CRYPTALDASH.IO

7.14. Project Completion. The development of the CRYPTALDASH.IO Software may be abandoned for a number of reasons, including, but not limited to, lack of interest from the public, lack of funding, lack of commercial success or prospects, or departure of key personnel.

7.15. Lack of Interest. Even if the CRYPTALDASH.IO Software is finished and adopted and the CRD Platform is launched, the ongoing success of the CRD Platform relies on the interest and participation of third parties like developers. There can be no assurance or guarantee that there will be sufficient interest or participation in the CRD Platform.

7.16. Uncertain Regulatory Framework. The regulatory status of cryptographic tokens, digital assets and blockchain technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether governmental authorities will regulate such technologies. It is likewise difficult to predict how or whether any governmental authority may make changes to existing laws, regulations and/or rules that will affect cryptographic tokens, digital assets, blockchain technology and its applications. Such changes could negatively impact CRD Tokens in various ways, including, for example, through a determination that CRD Tokens are regulated financial instruments that

require registration. Company may cease the distribution of CRD Tokens, the development of the CRYPTALDASH.IO Software or cease operations in a jurisdiction in the event that governmental actions make it unlawful or commercially undesirable to continue to do so.

7.17. Risk of Government Action. As noted above, the industry in which Company operates is new, and may be subject to heightened oversight and scrutiny, including investigations or enforcement actions. There can be no assurance that governmental authorities will not examine the operations of Company and/or pursue enforcement actions against Company. Such governmental activities may or may not be the result of targeting Company in particular. All of this may subject Company to judgments, settlements, fines or penalties, or cause Company to restructure its operations and activities or to cease offering certain products or services, all of which could harm Company's reputation or lead to higher operational costs, which may in turn have a material adverse effect on the CRD Tokens and/or the development of the CRYPTALDASH.IO Software.

ARTICLE EIGHT: LIMITATION OF LIABILITY; INDEMNIFICATION

8.1. Limitation of Liability. To the fullest extent permitted by applicable law, Buyer disclaims any right or cause of action against the CRYPTALONE.IO Parties of any kind in any jurisdiction that would give rise to any Damages whatsoever, on the part of any CRYPTALONE.IOParty. Each of the CRYPTALONE.IOParties shall not be liable to Buyer for any type of Damages, even if and notwithstanding the extent a CRYPTALONE.IO Party has been advised of the possibility of such Damages. Buyer agrees not to seek any refund, compensation or reimbursement from a CRYPTALONE.IOParty, regardless of the reason, and regardless of whether the reason is identified in this Agreement.

8.2. Damages. In no circumstances will the aggregate joint liability of the CRYPTALONE.IOParties, whether in contract, warrant, tort or other theory, for Damages to Buyer under this Agreement exceed the amount received by Company from Buyer.

8.3. Force Majeure. Buyer understands and agrees that Company shall not be liable and disclaims all liability to Buyer in connection with any force majeure event, including acts of God, labour disputes or other industrial disturbances, electrical, telecommunications, hardware, software or other utility failures, software or smart contract bugs or weaknesses, earthquakes, storms, or other nature-related events, blockages, embargoes, riots, acts or orders of government, acts of terrorism or war, technological change, changes in interest rates or other monetary conditions, and, for the avoidance of doubt, changes to any blockchain-related protocol.

8.4. Release. To the fullest extent permitted by applicable law, Buyer releases the Cryptalone Parties from responsibility, liability, claims, demands, and/or Damages (actual and consequential) of every kind and nature, known and unknown (including, but not limited to, claims of negligence), arising out of or related to disputes between Buyer and the acts or omissions of third parties.

8.5. Indemnification.

a. To the fullest extent permitted by applicable law, Buyer will indemnify, defend and hold harmless and reimburse the CRYPTALONE.IOParties from and against any and all actions, proceedings, claims, Damages, demands and actions (including without limitation fees and expenses of counsel), incurred by a CRYPTALONE.IO Party arising from or relating to: (i) Buyer's purchase or use of CRD Tokens; (ii) Buyer's responsibilities or obligations under this Agreement; (iii) Buyer's breach of or violation of this Agreement; (iv) any inaccuracy in any representation or warranty of Buyer; (v) Buyer's violation of any rights of any other person or entity; and/or

(vi) any act or omission of Buyer that is negligent, unlawful or constitutes willful misconduct.

b. Company reserves the right to exercise sole control over the defense, at Buyer's expense, of any claim subject to indemnification under this Section 8.5. This indemnity is in addition to, and not in lieu of, any other indemnities set forth in a written agreement between Buyer and Company.

ARTICLE NINE: DISPUTE RESOLUTION

9.1. Informal Dispute Resolution. Buyer and Company shall cooperate in good faith to resolve any dispute, controversy or claim arising out of, relating to or in connection with this Agreement, including with respect to the formation, applicability, breach, termination, validity or enforceability thereof (a "Dispute"). If the Parties are unable to resolve a Dispute within ninety (90) days of notice of such Dispute being received by all Parties, such Dispute shall be finally settled by Binding Arbitration as defined in Section 9.2 below.

9.2. Binding Arbitration. Any Dispute not resolved within 90 days as set forth in Section 9.1 shall be referred to and finally resolved by arbitration under the London Court of International Arbitration (LCIA) rules in effect at the time of the arbitration, except as they may be modified herein or by mutual agreement of the Parties. The number of arbitrators shall be one who shall be selected by Company. The seat, or legal place, of arbitration shall be London, England. The language to be used in the arbitral proceedings shall be English. The governing law of the Agreement shall be as set forth in Section 10.1 herein. The arbitration award shall be final and binding on the Parties ("Binding Arbitration"). The Parties undertake to carry out any award without delay and waive their right to any form of recourse insofar as such waiver can validly be

made. Judgment upon the award may be entered by any court having jurisdiction thereof or having jurisdiction over the relevant Party or its assets. Company and Buyer will each pay their respective attorneys' fees and expenses. Notwithstanding the foregoing, Company reserves the right, in its sole and exclusive discretion, to assume responsibility for any or all of the costs of the arbitration.

9.3. No Class Arbitrations, Class Actions or Representative Actions.
